As soon as a group arrives they must sign in the red school visit book on the Reception Desk. It is important to record exactly how many pupils have been brought on the day.

Should the fire alarm sound all adults and children will leave the building calmly, via the nearest available fire exit. Gallery staff will escort groups. The lifts will not operate in the event of the alarm. All school parties will gather on Oldham Park Gardens at the Union Street entrance for roll call. Gallery staff will bring out the schools visits book.

Bomb alert procedure is the same as the Fire Procedures but the alarm will not ring and staff will notify visitors.

Work with others; ask for help when you need it.

Show respect to everyone regardless of their religious, racial origin and cultural and linguistic background.

During workshops any pupils whose behaviour may be considered to be a danger to either themselves or others in the group will be asked to stop taking part in the activity.

Children will be shown what they are to do beforehand and be given clear, careful instructions on the use of equipment.

Use of Equipment

Generally, arts and crafts activities use types of equipment already in schools: scissors etc. We try to ensure wherever possible that all paints, glue etc are child friendly. When using specialist equipment, such as a printing press, we ensure pupils are given clear instructions on safety aspects. Adults must supervise depending on age and ability certain activities: use of printing press, sharp equipment, hot irons etc.

Health & Safety Manual: Section 10

Wherever possible, schools will be notified of type of activities undertaken before their visit by the Gallery. Also confirmation of date and times and approximate number of children expected.
